

**Amendments to the Specification:**

Please amend the specification as follows:

On p. 15, please replace Table I with the following Table I.

**Table I**

| <b>Polymerizable Resin Composition</b> | <b>% First Monomer</b> | <b>% Second Monomer</b> | <b>% PEA</b> | <b>%PETA</b> | <b>SS Gain</b> | <b>XS Gain</b> |
|--|------------------------|-------------------------|--------------|--------------|----------------|----------------|
| Control 1                              |                        |                         |              |              | 1.575          | 2.111          |
| Example 1                              | 32.7                   | 40.5                    | 13.5         | 13.0         | 1.582          | 2.118          |
| Example 2                              | 32.0                   | 39.7                    | 13.2         | 14.8         | 1.579          | 2.113          |
| Example 3                              | 31.3                   | 38.8                    | 13.0         | 16.6         | 1.574          | 2.104          |
| Example 4                              | 30.6                   | 38.1                    | 12.7         | 18.3         | 1.575          | 2.107          |
| Example 5                              | 30.0                   | 37.4                    | 12.4         | 19.9         | 1.575          | 2.111          |
| Example 6                              | 29.5                   | 36.6                    | 12.2         | 21.4         | 1.567          | 2.093          |
| Example 7                              | 28.9                   | 35.8                    | 12.0         | 23.0         | 1.563          | 2.085          |
| Example 8                              | 30.0                   | 37.4                    | 12.4         | 19.9         | 1.571          | 2.366          |
|  |                        |                         |              | TMPTA        |                |                |
| Control 2                              |                        |                         |              |              | 1.571          | 2.367          |
